

Adopt-A-School Partnership

Child Evangelism Fellowship wants to help you reach the children in your neighborhood for Christ, disciple them and direct them into the local church!!

Your church can adopt a school through CEF's Good News Club® program to evangelize and disciple children and to introduce them—maybe even their entire family—to your church. This can be a *tremendous outreach* as members of your church volunteer as teachers, helpers and prayer partners.

Good News Clubs® meet once a week after school hours at local public elementary schools during the school year. Personal follow up of the children and their families can *increase your church growth* and, most importantly, continue the growth of God's kingdom and bring glory to His Name.

CEF PROVIDES

- ❖ liaison with public elementary schools
- ❖ initial and ongoing training for all club volunteers
- ❖ teaching materials providing solid Biblical foundations
- ❖ full-time staff support
- ❖ assistance with planning a follow-up program to reach families with the Gospel

STEPS TO ADOPTING A SCHOOL

1. Contact your local CEF® directors.
2. Begin to pray specifically for how the Lord would be leading your church.
3. Gather a team of committed people with a passion to reach the lost community through the children.
4. Invite teens and adults to participate in CEF® training to conduct a Good News Club® during the school year.
5. Begin the Good News Club®!

You don't have to be a church to adopt a school!

Any group of spiritually-motivated Christians can adopt a school: business groups, social and service groups, a home school family, even individuals can take on the project of reaching children at school. They can then be channeled into a Bible-believing church. CEF® can train and equip you to reach the boys and girls of your community.

As a result of the U.S. Supreme Court's June 11, 2001, ruling, the Good News of Jesus Christ can now be shared with boys and girls in elementary schools during after-school Good News Club®! The Supreme Court ruled that if any organization uses school facilities after school hours, all organizations must be allowed similar access.
